

The AGS Range Euro Awning/Casement Window

The AGS Euro Awning/Casement window utilises a full perimeter seal, making it an ideal solution for when high performance thermal and acoustic specifications are required. The Awning window configuration is hinged from the top and can provide ventilation, in particular during wet conditions. The Casement window configuration is hinged from either side and can be positioned strategically to direct breezes into the building. Both options include high quality hardware for opening and closing operation, making them ideal for ongoing and repetitive use.

The AGS Euro Awning/Casement Window

The luxury is obvious with the AGS Euro Awning/Casement Window. Delivering a premium level of quality, performance and architectural styling, it can be integrated with Capral's 400 or 419 Series Framing systems to provide a total window solution.

Whether you choose the option of a casement window for maximum exposure to the outside, or a top hung awning window, the AGS Euro Awning/Casement is perfect for almost any application.

Single or double glazing configurations offer a range of thermal performance options, and positive sealing ensures excellent weather sealing characteristics.

Features and Benefits:

- Single and Double Glazed options (up to 27mm)
- Standard and high performance configurations using sub frame system
- European designed components and hardware to improve functionality and adjustability
- Multiple and adjustable locking points allow large sizes and high wind pressures
- Option for screening system integrated into frame

Finishes Available:

-  Powder coated range
-  Anodised Aluminium
-  Woodgrain

Maximum Recommended Size

Height	up to 2100mm
Width	up to 1800mm
Weight	up to 60kg

Frame Size

Adapts to Commercial Framing

Maximum Product Performance

SLS (Pa)	up to 4500Pa
ULS (Pa)	up to 10,600Pa
WATER (Pa)	up to 1200Pa

Maximum Acoustic Rating

Rw	39
C;CTR	-2;-5

Glazing Details

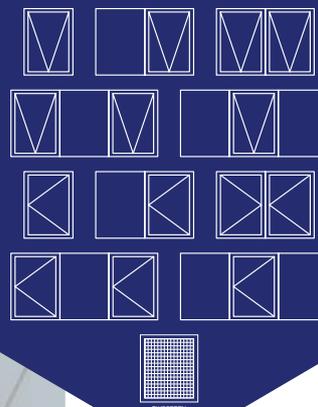

Single Glazed	4mm - 10mm
Thick Glazed	11mm - 18mm
Double Glazed	19mm - 27mm

Compatible with

Euro Tilt & Turn
400 Narrowline
419 Flushline
